

# Care & Maintenance for Laminate

## Laminate Care

You can protect your Mannington Laminate Floor by following these easy guidelines.

- Place rugs or floor mats on heavy traffic areas to avoid excess wear and tear.
- Place doormats on both sides of outside entrances.

## Laminate Maintenance

Mannington Laminate Floors come as close as possible to being maintenance free and are extremely resistant to wear and stains. Here's how to keep yours looking like new.

- Important: Never wax, polish, sand, or lacquer your Mannington Laminate Floor.
- Spot clean your floor as needed and completely clean several times a year with Mannington Award Series® Cleaner.
- Occasionally vacuum or sweep to eliminate loose dust and debris.
- Wipe soiled spots with a cloth dampened with clean water or Mannington Award Series® Cleaner diluted in water. Make sure the cloth is thoroughly wrung out. Never flood the floor with water or cleaner.
- After damp cleaning, dry the floor thoroughly with a clean cloth.
- Remove tough, stubborn stains such as paint, adhesive, asphalt, oil, etc. with alcohol, acetone, or nail polish remover.
- Never wax, polish, or use soap. Doing so may damage the wear surface, causing it to be slippery or to have unattractive smudges.
- Never use a steam cleaner.
- Never use scouring powder products, steel wool, or abrasives.
- Do not treat or seal Mannington Laminate Floors after they have been installed.

## Laminate Stain Solver

Take a look at how easily even tough stains can be removed from our floors:

- Start with the first procedure listed.
- Only do the procedures necessary to resolve the problem. Always use a clean white cloth for wiping up stains, and turn it frequently to avoid spreading the stain.
- Rinse with clean water and allow area to dry between procedures.
- For items not covered by the following chart, call Mannington Consumer Services at 1-800-FLOOR-US (1-800-356-6787).

<b>Stain/Problem</b>	<b>Procedure</b>
Juice, wine, grease, chocolate	Dampen a rag with Mannington Award Series® Cleaner solution or warm water and mild detergent and spot clean.
Cigarette burns, asphalt, shoe polish, paint, crayon, ink, dried foods, nail polish	Dampen a rag with alcohol or nail polish remover and spot clean
Candle wax, chewing gum	Allow to harden and gently scrape with a plastic scraper.
